

Mobile **Link**™

Where Smart Power Meets Smart Home

“Alexa, am I ready for a Power Outage?”

The new Mobile Link skill for Alexa now makes checking your generator status even easier! Alexa lets you use your voice to receive information from Mobile Link about your generator. Simply connect your generator to WiFi, enable the Mobile Link skill, link your account in the Alexa app, and say, “Alexa, ask Mobile Link if I’m ready for a power outage.”

ENABLING THE MOBILE LINK SKILL

Enabling the Mobile Link skill is quick and easy. Simply follow the instructions below to get started:

- 1 Open the Alexa app on your smartphone and sign in to your Amazon account
- 2 Navigate to the skills section and enter “Mobile Link” in the Alexa skills search box
- 3 Enable the Mobile Link skill, and you will be taken to the Mobile Link website to sign in to your account
- 4 Once signed in, your account has been linked and you may now ask Alexa about your generator status

**Before adding the skill, your generator must be connected to the internet, and have a Mobile Link account. For help, visit generac.com*

“Alexa, am I ready for a Power Outage?”

“Your generator is ready to run.”
